

## ADANA F1

CARROTS | BUNCHING

New early-maturing bunching carrot with the same great flavor and texture as MOKUM, but better uniformity and a bit more length. Tops hold up well to cold fall weather, and roots hold well in the field without much oversizing.

Growing Days Sowing Northeast US : 57

Growing Days Sowing Northwest US :

Growing Days Sowing Southwest US :

Relative maturity : Early

Shape : Cylindrical

External Color : Orange
